PRICES TURN DOWNWARD.

Market Showed Losses for the Day-

Closing Tone Generally Weak.

New York, April 23.—There was some calling of loans going on today by the banks, and the search for renewed accommodations, while without violent effect on the call loan rate, apparently had the effect of inducing some speculative liquidation. The call oan rate touched three per cent, which a higher than since the first week in s higher than since the first week in accurry. The sales for foreign account werdulanced the purchases and some enewed anxiety over the situation in urkey was inferred from this and rom the special weakness of Turkish ouds in the European markets. Thisewere the only perceptible factors to induce weakness in the stock market. There was no change in the general tenor of the news to account for the downward turn in prices. Revised eximates of crop prospects continued to some in, indicating greatly enlarged field as compared with the severely impaired crop which was held in view while wheat prices were mounting by ears and bounds. The calling of loan cars and bounds. The calling of loans by the banks evidently was for the purpose of meeting the demands on their resources incident to the successive issues of new bonds. Railrond corporations have figured cheely in these new issues, but the amouncement today of the fale of 15,000,000 bonds by the Corn Produces company brought the industrials into the representation. Reports continue of the sentation. Reports fontings of the readiness with which these bond issues are passed from the hands of the un-derwriters late those of secondary in-vestment. Foreign investors are comthis easier time of the foreign exchange market for the last two days. The hardening money market also has its matural effect against the tide of remittances abroad. Estimates of the week's currency movement indicate that there has been a substantial ad-dition to the cash holdings of the make in spite of the \$2,500,000 of gold shipped abroad. > Andems Secure New Battery. (Special to The Bulletin.)

In strengthening up the Andems of North Grosvenordale for the season that begins today in the Eastern Con-necticut league, Manager Gahan is banking strongly on a new battery that he will present in the opening game. This is Catcher Larowe, backstop of the Norwich-Taffville champions last season, and Pitcher W. L. Henry of Andover, Conn. Larowe's good steady work is well known to the fans, and is expected to fill a weak spot on the Andem team, while Henry is a young fellow with lots of promise. He is 13 years of age, standing over six feet, and tipping the scales close to the 200 pound mark. Baby Boy Wore a Mask Over His Little Face

Hands and Arms Tied - Just Between Life and Death - Another Wonderful Cure by Hood's Sarsaparilla.

"Baring, Maine, March 3, 1909. "C. I. Hood Co., Lowell, Mass.

"Dear Sirs: In our home we have so much reason to be thankful for Hood's Sarsaparilla and Hood's Olive Ointment, that I must freely tell you our experience with these medicines.

"When my baby was four months old his face broke out with small patches of eczema. The doctor said baby would soon be all right, but he steadily grew worse and at sixteen months of age, baby's face, hands and arms were in a dreadful state. The eczema seemed to be spreading all over his body. His face was so sore, and such a dreadful sight, we were obliged to put a mask or cloth over his face, and we were obliged also to tie up his little hands and arms with cloths to prevent him from scratching, and making the inflamed places bleed. The disease also affected his eyes, and we were afraid he would lose his eyebrows and eyelashes entirely. We consulted other doctors, used ointments and salves sent us by friends and neighbors. Some of these things would seem to have a little effect, but after a few days would act like a poison, and increase this terrible stubborn disease.

"Just one year ago this month baby lay between life and death. The doctor had told us he could do no more, and we felt that we must give up trying to find any cure or relief. Our hearts were just breaking, and we had the sympathy of many friends and neighbors who knew of our affliction. Finally my husband said one day, 'I am going to try Hood's Sarsaparilla and Hood's Olive Ointment.' We began to use these medicines, and oh! the results were astonishing! We could soon see that the inflammation was diminishing, and the eraptions

did not itch so badly. "Gradually the improvement continued, and to make a long story short, in a few months he was entirely free from that terrible eczema, which had caused him so much suffering. Today he is a fine healthy boy, happy and hearty, and full of roguish pranks. His skin is perfectly clear, and his blood seems to be in fine condition. I keep Hood's Sarsaparilla on hand, and give him a dose once in a while. No one will wonder we are strong friends of Hood's Saraaparilla and Hood's Olive Ointment.'' Mrs. Inez Lawis.

Need we add anything to this frank letter? Does it not show the wonderful power of Hood's Sarsaparilla as a blood purifier and a cure for all humors, eczema, scrofula and blood diseases?

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarahanille but because it combines the utmost remediate values of more than 20 different ingredients, carls greatly strengthened and enriched by this proliar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good." you may be sure it is inferior, costs less to make. and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today, in usual liquid or tablets known as Sarsatabs.
